Finished size: large bauble about 10.5 x 13.5 cm,
small bauble about 6 x 7.5 cm

Embroidery

Easy

Christmas tree ornaments

YARN USAGE

Anchor Stranded Cotton, worked with 2 strands.

STITCH TECHNIQUE

Cross stitch, backstitch and straight stitch worked over 2 fabric threads each way and running stitch.

FABRIC

About 50 x 30 cm 25# evenweave fabric or waste canvas in white.

NOTIONS

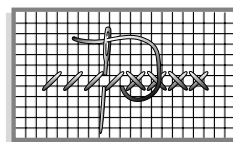

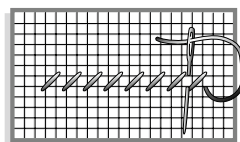

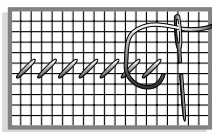

1 sheet of felt each of Anchor Style and Filz-it! Uni, Ruby art. no. CFR1.0000.00H1; Anchor Style and Filz-it! Uni, Baby Pink art. no. CFR1.0000.0053; Anchor Style and Filz-it! Uni, Peacock art. no. CFR1.0000.06G4; Anchor Style and Filz-it! Uni, Cashmere Tan art. no. CFR1.0000.0884; 1 pack Anchor 3 mm wax beads art. no. 0016.0006.0001; wadding.

ALL YOU NEED TO DO

Using the templates, cut out 2 pieces of felt per bauble, adding 1 cm seam allowance. Working through the evenweave fabric, embroider the motif centrally onto the felt and sew on the beads. When the embroidery is complete, carefully pull out the threads of the evenweave fabric. Only work the embroidery on the front side. Finally, using running stitch and 6 strands of #1, sew both pieces of felt together about 1 cm away from the edge, stuffing the bauble with wadding before finishing the seam. Fasten a hanging cord at the upper edge..

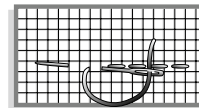

CROSS STITCH

Cross stitch is worked in two stages – first work the lower stitch (from left to right) and then work the upper stitch (from right to left).

BACKSTITCH

Backstitch is worked from right to left.

TIP

Always work cross stitch with a Tapestry needle! Always work the cross stitch first and only then work the backstitch or straight stitch. Each square on the chart represents one cross stitch.

WASHING INSTRUCTIONS

All our threads are produced in accordance with Oeko-tex standards. PH values are tested and all our colors dye lots adhere to Global fastness standards. However, it is important to follow our thread washing instructions. Particularly with dark colors, excess dye can remain on the thread. To minimize any potential bleeding of excess dyestuff it is important to wash the products in THE HOTTEST TEMPERATURE possible, in accordance with the specifications of the fabrics, and use a large amount of water. Please make sure that you also follow the fabric washing instructions. As a precaution, you can also use decolorating sheets that you can find in any supermarket.
