Making up the block

Block 1 diagram

Block 2 diagram

Lay out your pieces for your block. On the back of the fabrics I mark the $\frac{1}{4}$ " seams in each of the corners as this makes it easier to match up your points and saves a lot of unpicking when pressing back your corners. Sew the corners to your pattern fabric piece. Some will have fabric 11 and others will have fabric 12 in each corner.

Block 1 other colour way

Block 2 other colour way

Make up all the blocks and lay them out in rows as in the main diagram. Now stitch in rows this can be across or you can work down. When you have sewn your rows together you will stitch your rows together to complete the quilt centre.

Border

Stitch your side strips to the quilt and then the top and bottom to complete the quilt.

Quilting

Sandwich quilt top, wadding and backing together. Quilt by hand or machine as desired. Trim backing and wadding to size of quilt.

Binding

Use your favourite method from fabric 11 to bind the quilt.
