Survival Cowl

Even though we don't need to survive in the wild, this knit shield is a great look for keeping warm in the city (or suburbia). Wear it over anything from a coat to a sleeveless dress, changing the color choice to fit your own style.

Cowl measures 36" (91.5 cm), unstretched, around lower edge (above Side Panel)

Notes

1. Cowl is worked in two pieces: Side Panel and Cowl.
2. Side Panel is worked back and forth in rows beginning at lower point of panel.
3. Cowl is worked in rounds.
4. Project is worked with two strands of yarn held together throughout.

Special Stitches

kfb (Knit into front and back) = Knit next st but do not remove from needle, knit into back loop of same st and remove from needle.

M1 = Make 1 (Increase) – Lift strand between needles to left-hand needle and knit strand through the back loop, twisting it to prevent a hole.

RT (Right Twist) = Knit into the front of the second stitch on the left needle leaving the stitch on the needle, knit the first stitch on the left needle, slipping both stitches off the needle.
