Notes

1. Tunisian crochet is worked from the right
side only; do not turn at the end of a row.
2. Each row consists of a forward pass and a
reverse pass.
3. Always skip the first vertical bar when
working the Forward Pass. Insert the
hook into the second vertical bar at the
beginning of the row.

you will work the forward pass, picking up
loops, from right to left. And you will work
the return pass, working off loops, from
left to right. If you hold the hook in your left
hand, you will work the forward and return
passes in the opposite directions.
5. Carry color not in use along wrong side of
