NEEDLES

1 pair 4mm (no 8) (US 6) needles

1 pair 5mm (no 6) (US 8) needles (or, due to number of sts, circular needle if preferred)

TENSION

18 sts and 13 rows to 10 cm measured over patt using 5mm (US 8) needles.

SPECIAL ABBREVIATIONS

Tw2K = passing right needle point behind first st on left needle K second st on left needle, then K first st and slip both sts off left needle together; **Tw2P** = passing right needle point in front of first st on left needle P second st, then P first st and slip both sts off left needle together. Note: When working Tw2P on a row after the row with (yfwd) twice, start by slipping each of the next 2 sts from left needle to right needle dropping the double yfwds. Slip sts back onto left needle and work the Tw2P over these 2 elongated sts.

BACK and FRONT (both alike)

Using 4mm (US 6) needles cast on 87 [95: 105: 113: 123] sts.

Row 1 (RS): K1, *P1, K1, rep from * to end.

Row 2: P1, *K1, P1, rep from * to end.

These 2 rows form rib.

Work in rib for a further 2 rows, ending with RS facing for next row.

Change to 5mm (US 8) needles.

Now work in patt as folls:

Row 1 (RS): K1, *(yfwd) twice, K1, rep from * to last st, K1.

Note: Each (yfwd) twice of row just worked does NOT count as a st. On next row, drop these double yfwds off left needle, creating elongated sts, before working the sts of the next row.

Row 2: P2, *Tw2P (see special abbreviations), rep from ★ to last st, P1.

Row 3: Cast on 5 sts, work across these 5 sts and rest of row as folls: K1, *Tw2K (see special abbreviations), rep from * rep from * to last st, K1.

Row 4: Cast on 5 sts, work across these 5 sts and rest of row as folls: P1, *Tw2P, rep from * to last 2 sts, P2.

Row 5: Cast on 5 sts, work across these 5 sts and rest of row as folls: K1, \star (yfwd) twice, K1, rep from \star to last st, K1.

Row 6: Cast on 5 sts, work across these 5 sts and rest of row as folls: P2, \star Tw2P, rep from \star to last st, P1.

Row 7: Cast on 5 sts, work across these 5 sts and rest of row as folls: K1, *Tw2K, rep from * to last st, K1.

Row 8: Cast on 5 sts, work across these 5 sts and rest of row as folls: P1, *Tw2P, rep from * to last 2 sts, P2. 117 [125: 135: 143: 153] sts. Last 8 rows set patt (which is a 4 row repeat – 2 repeats worked so far) and beg sleeve shaping.

Keeping patt correct, cast on 5 sts at beg of next 8 [20: 28: 20: 12] rows, then 6 [6: -: 4: 4] sts at beg of foll 16 [6: -: 10: 20] rows, taking inc sts into patt. 253 [261: 275: 283: 293] sts.

Place markers at both ends of last row (to denote base of cuff opening).

Cont straight until work meas 10 [10.5: 11: 11: 11.5] cm from markers, ending with RS facing for next row.

Place second pair of markers at both ends of last row (to denote top of cuff opening).

Shape shoulders

Keeping patt correct, cast off 11 [11: 12: 12: 13] sts at beg of next 16 [8: 14: 6: 16] rows, then 12 [12: 13: 13: 14] sts at beg of foll 2 [10: 4: 12: 2] rows, ending with RS facing for next row. 53 [53: 55: 55: 57] sts.

Change to 4mm (US 6) needles.

Beg with row 1, now work in rib as given for cast-on edge as folls: Work 1 row.

Dec 1 st at each end of next 3 rows, ending with RS facing for next row.

Cast off rem 47 [47: 49: 49: 51] sts in rib.

MAKING UP

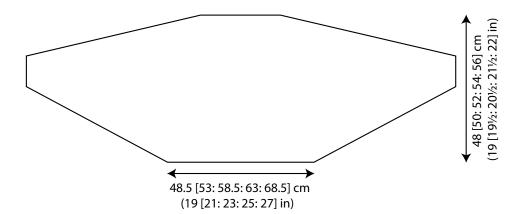

Press as described on the information page.

Join shoulder seams from markers denoting top of cuff opening to cast-off edge. Join side seams from cast-on edge to markers denoting

base of cuff opening.

See information page for finishing instructions.
