Illustrious Pattern Book by Emma Wright

When designing the Illustrious pattern book, we wanted to show the process of developing a new yarn collection from the initial concept right through to the finished product. We worked with the talented Emma Wright to produce a stunning collection of 11 patterns with simple silhouettes and interesting texture stitches that do the yarn justice.

ILLUSTRIOUS

70% FALKLAND WOOL 30% BRITISH ALPACA

Over the years we have blended and mixed many types of raw materials together. The aim is to combine compatible qualities that not only look and feel fantastic (with softness of touch and clear stitch definition) but will also perform well as a garment through consistent wash and wear.

We wanted the colours in this range to be as inspiring and as luxurious as the yarn and so we invested our time ensuring that the mix of colours and shades not only worked well individually but also complemented each other. Finally we used our technology to create some exciting variegated combinations which we feel completes this stunning collection.
