To Make Up

Measure your teapot, noting position and size of handle and spout. With right sides together sew sides of the tea cosy together using backstitch. Remembering to leave a hole for the tea pot handle. Weave in ends.

Attach Gold Trim pieces to sides of front and back of tea cosy as per image.

Attach side cross pieces to front and back of tea cosy as per image.

Attach fur trim to the base of the tea cosy as per image. To add texture, you can add some small black stitches to make the fur look a little like ermine!

For top cross stitch fold piece in half and stitch around the edge. Once all four triangles have been stitched, stitch them together in the centre to form a cross and attach to the top of the tea cosy as per image.

Now you can decorate your crown. You can use buttons, beads, gems or embroider your design. Be as creative as you want to be!

Now you can sit down and enjoy a Royal cuppa!
