IMPORTANT

Please note that the limitations of the printing process mean that the actual colour will not always precisely match the colours in the photograph.

Use only the Yarnsmiths yarn specified. We cannot accept responsibility for an imperfect garment if any other brand is used. It is essential to work to the tension stated. The quantities of yarn stated are based on average requirements and are therefore approximate.

Instructions given for 31 cm (12 inch) Chest, larger sizes given in round brackets. Where only one figure is given this applies to all sizes.

ABBREVIATIONS

ch – chain; **htr** – half treble;

ss – slip stitch; **dc** – double crochet; **htr2tog** – * yarn round hook and insert hook into st, yarn round hook and draw loop through, rept from * once more, yarn round hook and draw through all 5 loops on hook; **st(s)** – stitches; **rept** – repeat; **beg** – beginning; **dec** – decrease; **patt** – pattern; **0** – no sts, rows or times to be worked in that particular size; **cm** – centimetres; **ins** – inches.

TENSION

It is important to check your tension before commencing the garment. 18 sts and 13 rows to 10 cm (4 ins) over half treble fabric on 3.5mm hook.

If there are too many stitches to 10 cm, your tension is tight and you will need to change your hook to a larger size. If there are too few stitches to 10 cm, your tension is

loose and you will need to change your hook to a smaller size.
