IMPORTANT

Please note that the limitations of the printing process mean that the actual colour will not always precisely match the colours in the photograph.

Use only the Yarnsmiths yarn specified. We cannot accept responsibility for an imperfect garment if any other brand is used. It is essential to work to the tension stated. The quantities of yarn stated are based on average requirements and are therefore approximate. Instructions given for smallest size, larger sizes given in brackets. Where only one figure is given this applies to all sizes.

ABBREVIATIONS

K - Knit; **P** - Purl; **st(s)** - stitch(es); **st st** - stocking stitch; **inc** - increase; **dec** - decrease; **beg** - beginning; **alt** - alternate; **tog** - together; **rept** - repeat; **sl** - slip; **tbl** - through back of loop; **cm** - centimetres; **ins** - inches; **M** - main.

TENSION

It is important to check your tension before commencing the garment. 22sts and 31 rows to 10cm (4ins) over st st using 4mm needles. If there are too many stitches to 10cm, then your tension is tight and you will need to change your needle to a larger size. If there are too few stitches to 10cm, then your tension is loose and you will need to change your needle to a smaller size.

When working from a colourwork chart yarn can be stranded at the back of the work. Do not strand across more than 4 stitches, in this case the yarn must be woven in.
