### IMPORTANT

Please note that the limitations of the printing process mean that the actual colour will not always precisely match the colours in the photograph.

Use only the Yarnsmiths yarn specified. We cannot accept responsibility for an imperfect garment if any other brand is used. It is essential to work to the tension stated. The quantities of yarn stated are based on average requirements and are therefore approximate.

### ABBREVIATIONS

**K** - knit; **st(s)** - stitch(es); **inc** - increase(ing); **yfwd** - yarn forward; **rs** - right side; **tog** - together; **pssso** - pass slipped stitch over; **ws** - wrong side; **dec** - decrease(ing); **patt** - pattern; **alt** - alternate; **folll** - following; **sl** - slip; **beg** - beginning; **cont** - continue; **rept** - repeat; **cm** - centimetres; **ins** - inches

### TENSION

It is important to check your tension before commencing the garment. 8.5 sts and 11 rows to 10cm, 4ins over patt on 12mm needles. If there are too many stitches to 10cm, then your tension is tight and you will need to change your needles to a larger size. If there are too few stitches to 10cm, then your tension is loose and you will need to change

your needles to a smaller size.
