IMPORTANT

Use only the Yarnsmiths yarn specified. We cannot accept responsibility for an imperfect garment if any other brand is used. It is essential to work to the

tension stated. The quantities of yarn stated are based on average requirements and are therefore approximate.

ABBREVIATIONS

cm - centimetres; **dec** - decrease;
g st - garter stitch (K every row);

TENSION

It is important to check your tension before commencing the garment.

28 sts and 36 rows to 10cm (4ins) over st st on 3.25mm Needles.

If there are too many stitches to 10cm, your tension is tight and you will need to change your needle to a larger size. If there are too few stitches to 10cm, your tension is loose and you will need to change your needle to a smaller size.
