Instructions given for 79/81 cm (30/32 inch) bust, larger sizes given in round brackets. Where only one figure is given this applies to all sizes.

### IMPORTANT

Please note that the limitations of the printing process mean that the actual colour will not always precisely match the colours in the photograph. Use only the Yarnsmiths yarn specified. We cannot accept responsibility for an imperfect garment if any other brand is used. It is essential to work to the tension stated. The quantities of yarn stated are based on average requirements and are therefore approximate.

### TENSION

It is important to check your tension before commencing the garment. 22 sts and 28 rows to 10 cm (4 ins) over patt on 4mm Needles. If there are too many stitches to 10 cm, then your tension is tight and you will need to change your needle to a larger size. If there are too few stitches to 10 cm, then your tension is loose and you will

need to change your needle to a smaller size.
