PATTERN NOTES

• This cardigan is constructed by making 2 granny squares with a small amount of shaping for the shoulders.

• You will then join the squares together, leaving space for arm holes.

• The sleeves are worked directly onto the garment in rounds, you can choose whether to have straight sleeves or balloon sleeves with a gathered cuff.

• You will then add a ribbed edging around the bottom edge, cuffs and neck.

• It is helpful to take some measurements before you start. If possible, you will need to know chest circumference, upper arm circumference (for arm hole depth) and arm length. It is also useful to try on to check fit as you

progress. Size charts provided if this is not possible.

• Tension is not important in this pattern because you are making the squares to a particular size, so use whichever hook you normally use for DK yarn.

• Tips for stopping your square from twisting: sometimes when you work a granny square it may start to look twisted. To stop this happening, you can:

- Make sure your tension is not too tight (so go up a hook size if necessary).

- Always join your new colour on the opposite corner to where you fastened off the previous round.

SIZE CHARTS

Baby

There is an ease of between 4cm (for young baby) up to 7cm for a toddler. If you would like a looser fit make your granny square panels a bit bigger, for a tighter fit make them a bit smaller.

Child

There is an ease of around 8-9cm. If you would like a looser fit make your granny square panels a bit bigger, for a tighter fit make them a bit smaller.

Adult

There is an ease of approx. 15cm. If you would like a looser fit make your granny square panels a bit bigger, for a tighter fit make them a bit smaller.

The colour order worked is: *A, B, C, D, E, A, F, G, H, I**, repeated from * to **

Repeat round 4 until the granny square is the size stated in size guide.

SHOULDER SHAPING

Notes:

* Follow the colour order you have chosen to work.

* Always work on the right side.

* Refer to the size charts at the beginning of the pattern for the number of 1-ch spaces to work in on row 1.

Re-join the new colour at top corner (right hand side for right handers, left hand side for left handers)

Row 1 - ch4, make (3tr, ch1) in each of the next number of 1-ch gaps as specified in size guide, in the last space make 3tr, fasten off.

Row 2 - join new colour in 4-ch sp, in same sp make (ch3, 2tr), ch1, make (3tr, ch1) in every 1ch sp along, make 1tr in 3rd of final group of 3, fasten off.

Sizes 0-6 months stop here

Row 3 join new colour in 3rd of 3-ch, ch4, make (3tr, ch1) in every 1ch sp along, make 2tr in the final 1-ch sp, fasten off

6-24 months stop here.

Row 4 - join new colour in 4-ch sp, in same sp make (ch3, 2tr), ch1, make (3tr, ch1) in every 1ch sp along, make 1tr in the final stitch, fasten off

2-14 years stop here.

Row 5 - join new colour in 3rd of 3-ch, ch4, make (3tr, ch1) in every 1ch sp along, make 2tr in the final 1-ch sp, fasten off.

All other sizes end here.

You will now shape the opposite shoulder.

On the right side, start at the opposite corner and count back the number of 1-ch spaces you worked for row 1 of the other corner (as stated in the size chart and not including the 2-ch corner space). In this 1-ch sp join colour as per your colour order.

Row 1 - in the same sp make (ch3, 2tr), ch1, make (3tr, ch1) in each of the next 1-ch spaces, in 2-ch corner space make 1tr, fasten off

Row 2 - join new colour in 3rd of 3-ch, ch4, make (3tr, ch1) in every 1ch sp along, fasten off.

Sizes 0-6 months stop here.

Row 3 - join new colour in 4-ch sp, in same sp make (ch3, 1tr), make (3tr, ch1) in every 1ch sp along, make 1tr in the final treble, fasten off.

6-24 months end here.

Row 4 - join new colour in 3rd of 3-ch, ch4, make (3tr, ch1) in every 1ch sp along, make 3tr in the final space, fasten off.

2-14 years end here.

Row 5 - join new colour in 4-ch sp, ch4, make (3tr, ch1) in every 1ch sp along, make 1tr in the final treble, fasten off.

All other sizes end here.

Repeat for the other panel.

ARM HOLES

Hold the panels right sides facing and measure from top of shoulder down as indicated in the Arm hole depth chart, these will be the arm holes. Mark with stitch markers or pin together. If possible, try the jumper on for fit and adjust arm hole depth as necessary.

MAKING UP

You will now assemble the jumper, you will work from the bottom up to the bottom of the arm hole on both sides, then join across the top of both shoulders. You can double crochet or sew the jumper together.

To double crochet together: hold the two panels together right sides facing, join the yarn in the 2-ch space at the bottom of jumper, pulling it through both sides, ch1, make 1dc in the same space, make 1dc in every stitch and 1-ch space along, working through the 2 corresponding stitches on both sides, make 1dc in the final 2-ch space of both squares, fasten off, weave in ends.

Join the shoulders in the same way.

SLEEVES

Continue to work in your colour order.

Round 1 - join new colour in any of the 3-ch spaces created by the chains at the end of shoulder shaping rows, in same place make (ch3, 2tr), when working along the shoulder shaping rows *skip the next row, make (3tr, ch1) in the next**, repeat until you reach the granny round, make (3tr, ch1) in every 1-ch sp around, sl st to 3rd of 3-ch, fasten off.

TIP: The way you work round 1 will vary according to which size you are making. The most important thing is that you have the same number of 3tr groups on both sleeves which can be achieved by working (3tr, ch1) in alternate gaps. As you work across the top of the shoulder you may have 2 x groups of 3tr or 2 x 3-ch depending on which size you are making. For 2 x 3-ch work (3tr, ch1) in both 3-ch spaces, for 2 x 3tr work 3tr in the middle where the two groups meet.

IMPORTANT: Count how many groups of 3tr you have worked and make a note so that you can check the other sleeve is the same!

Round 2 - Join new colour in any 1-ch sp, make (3tr, ch1), in every sp around, sl st to 3rd of 3-ch, fasten off.

Repeat round 2 until sleeve is desired length from underarm to wrist. Use the sizes below as a guide or measure the arm length of the person you are making it for.
