### IMPORTANT

Use only the Yarnsmiths yarn specified. We cannot accept responsibility for an imperfect garment if any other brand is used. It is essential to work to the tension stated. The quantities of yarn stated are based on average

requirements and are therefore approximate.

### TENSION

It is important to check your tension before commencing the garment.

Tension 24 sts and 32 rows to 10cm 4ins over st st on 4mm needles.

If there are too many stitches to 10cm, then your tension is tight and you will need to change your needle to a larger size. If there are too few stitches to 10cm, then your tension is loose and you will need to change your needle to a smaller size.
