### IMPORTANT

Use only the Yarnsmiths yarn specified. We cannot accept responsibility for an imperfect garment if any other brand is used. It is essential to work to the tension stated. The quantities of yarn stated are based on average requirements and are therefore approximate.

### TENSION

It is important to check your tension before commencing the

garment.

24 sts and 32 rows to 10 cm (4 ins) over st st on 4 mm Needles. If there are too many stitches to 10 cm, then your tension is tight and you will need to change your needle to a larger size. If there are too few stitches to 10 cm, then your tension is loose and you will need to change your needle to a smaller size.
