IMPORTANT

Use only the Yarnsmiths yarn specified. We cannot accept responsibility for an imperfect item if any other brand is used. It is essential to work to the tension stated. The quantities of yarn stated are based on average requirements and are therefore approximate.

TENSION

For this project, as long as you cannot see gaps between your stitches then tension is not important. If you do have gaps then you can drop down to a smaller crochet hook. If your work is too tight then try going up to a bigger size of hook.
